

**May 4, 2018**

### **From the Headmaster**

Today is our May Crowning, marking the start of the month devoted to Our Blessed Mother. During May, we thank our school's patroness, Our Lady of Guadalupe, for another year of learning and growth in faith at

Lumen Christi, and we ask her continued protection for our students, families, teachers, and benefactors.

### **Student Travels in May**

A week from today, our Lumen Christi 7th and 8th graders will be in Washington, DC. Thanks to Mrs. Barnes for organizing the pilgrimage and to Mrs. Giedd, Mrs. McGillicuddy, Mrs. O'Daniel, and Mr. Gurdian for accompanying the students to DC.

Later in May, our high school students will make their annual pilgrimage trip – a truly distinctive part of high school at Lumen Christi. This year students will visit religious shrines and historical sites in Philadelphia (with a stop in Gettysburg on the way back). Thanks to Mrs. Collins, Mr. Hatley, and Sam Rosko for organizing the pilgrimage and accompanying the students. Also traveling are Mr. Cope and Father Mageira, who will help show our students around his home town, as he did four years ago.

Please pray for safe and smooth journeys for all the students and chaperones who will be traveling this month.

### **Tuition Worksheets in Today's Friday Folder**

Tuition worksheets for returning families are in the Friday folders today. Please make sure you receive your worksheet and look it over. If you think anything is incorrect, or if you have any questions, please do not hesitate to contact Mrs. Barnes or me. If you wish to make monthly payments, please go to FACTS to create or update your account. If you have any questions about FACTS payments, Mrs. Barnes will be happy to help you.

### **High School Classes Opening to Home Schoolers**

For many years, home school students have attended the health course that Miss Jeanne Carr teaches to our incoming high school freshmen at the beginning of each school year. This fall we are offering students

who have taken that course the option to take one or two courses in our high school during the school year itself.

We have great teachers and courses in our high school, and we want to make them available to more students – and potentially to attract some of them to enroll full-time in Lumen Christi. We'll be offering courses in science, math, Latin, and other subjects. If you know any home school students who might be interested, let us know and we'll be happy to give you more information.

### **Friday Spirit Wear**

We have just two more Fridays in school – May 11 and May 18 – and spirit wear will be allowed on both days.
